Hello fellow Horsemen and Women. My name is Nancy Adams. I am running for the Ohio HBPA as a trainer candidate. I currently sit on the board since July 2023. Since then I have been able to advocate and make differences for our members giving them a voice and getting their concerns addressed.

I currently train at Belterra Park with my 2 daughters Janey and Marie. I absolutely love working for the Horsemen and Women and I love Ohio horse racing. I feel like it's part of my family and our duty to protect. I was instrumental in stopping the pipeline of horses leaving Ohio to the islands. I stood up and spoke when no one else would. I would like the opportunity to continue working for the Horsemen and Women in our industry. I believe transparency and communication are KEY and feel like most who know me know that I am very outspoken to what is in the best interest of our Horsemen. I want to protect Ohio horse racing, Ohio horsemen and Ohio horses in our fight with unfair HISA. I hope you will give me the opportunity to do that again by giving me your VOTE.

TRAINER OR OWNER/TRAINER CANDIDATE

SCOTT BARKER

I live in Waynesville, Ohio with my wife Carol on our Mill Run Farm where we breed and raise our own race horses. Graduated from Georgetown College in 1978 with a Bachelor of Science degree in Business Administration and Economics.

President of Barker, Beck, Collins and Kronauge Insurance, a property and casualty insurance agency I've been an owner of since 1978.

Started working with my family's harness racing stable as a teenager and transitioned to the sport of polo in the early 1980s.

Played polo competitively in the United States Polo Association's Mid-states region until 2010. Began racing and training thoroughbreds in 2012 to current.

I feel honored to have been nominated as a candidate for the Board of Directors of the Ohio HBPA. There have been so many Ohio horsemen who have been so kind and helpful to me over the years. Many have also become good friends.

I would like to do whatever I can to return the favor to them and the rest of the Ohio Horsemen I have not yet had the pleasure of meeting by representing you on the board.

TRAINER OR OWNER/TRAINER CANDIDATE

GEORGE BUSH

Hi I'm George Bush, I grew up with horse racing all around me. My grandparents owned horses starting in the 1930s and my father won his first race in 1939. He retired in 1972. My brother started in the business in 1975. He is still riding today. I started working in the industry in 1982 at Rockingham Park and Suffolk Downs. Since then I have worked as a hot walker, groom, valet in the jocks room, 12 years as an assistant starter up and down the east coast from New Hampshire to Tampa FL, also while galloping horses for 40 yrs. I have managed farms in Massachusetts, Florida and Ohio. I have been an assistant trainer and an Owner, Breeder, Trainer for the last 23 years here in Ohio, Kentucky and surrounding states.

Experience in all these aspects of our industry has helped me to be well rounded in the business. I believe in a level playing field for all, whether that is an outfit with one horse or one hundred horses, we all matter! We all should be held to the same standards and I'll be there to support each one of you. I have helped several people in the past with different things on the track and now I would like to help you too if needed. We don't have all the answers but if we work together we can come up with solutions to most. With everything going on around horse racing everyone needs to come together and support each other. I would like to help do that and respectfully ask for your vote this year, sincerely, George S. Bush

TRAINER OR OWNER/TRAINER CANDIDATE

BOBBY CLINE

I have been involved in the thoroughbred racing industry since 1972. After graduating high school, I earned an associate degree in natural science with a focus on the agriculture industry. In 1984 I received my trainer's license and began operating a full-service thoroughbred training and breeding center in central Ohio. Currently serving as vice president of the Ohio HBPA at Belterra Park and having been a member of the HBPA board for the last 7 years, I am focused on fostering open communication between the horsemen, track administration, and the racing commission. I am committed to being a good steward of the healthcare and retirement benefits offered to horsemen through HBPA, and working with the tracks and the commission to incentivize Ohio breeders. I am active in my community, participating the last 17 years in fundraising for the Buckeye Cruise for Cancer; volunteering and donating to the New Vocations Horse Rescue; and am a member of the Ohio Farm Bureau. I am also a member of Our Lady of Perpetual Help Church. The HBPA has had a positive impact on me, and I look forward to continuing that tradition for all existing horsemen and the new entries to our industry.

TRAINER OR OWNER/TRAINER CANDIDATE

JEVON CRUMLEY

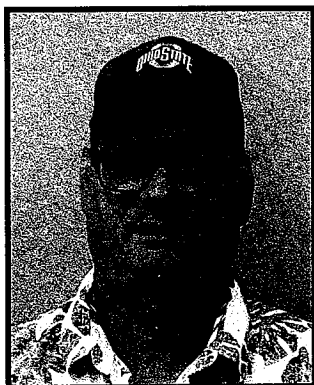

I am an Ohio native, born and raised in northern Ohio. I started my career here in Thoroughbreds over 25 years ago. During this time I have had stables in all surrounding states, but my passion has always been here in my home state.

I feel honored to be nominated for a seat on the Board of Directors. I am eager to help horseman on behalf of the Ohio HBPA, with any problems or issues that may arise.

I have seen the ups and downs of racing, especially here in Ohio. This is a crucial time for the horsemen. We have a lot to do to keep racing viable in Ohio. There have been and will continue to be many obstacles to overcome. We as horsemen need to work together through these ever changing times.

I hope to use my experience and knowledge to better racing here for everyone! Thank you for your consideration!

TRAINER OR OWNER/TRAINER CANDIDATE

MARK DOERING

I Mark Doering have trained race horses in Ohio for 38 years with the last 30 being at Thistledowns. After graduating high school in 1986 I started training at Beulah Park and River Downs. In the mid 1990s I moved to Thistledown where I still train today along with Mahoning Valley in the winter. Having served on the HBPA board as President, Vice President and on several committees, I'm looking to running for the Ohio HBPA board for another term. I feel we need strong leadership moving forward, and we need to work with racetrack management to bring back more weekend racing so more owners can attend. I miss being elbow to elbow with people watching the races. Also we need to find a way to work with HISA and HIWU. I think some things they do are good but a lot of things they do are silly. We also need to continue a strong relationship with Ohio legislation for racing creating strong agricultural ties in Ohio and having a big impact on agricultural in Ohio whilst working with the Ohio farm bureau and other agricultural industries. I feel moving forward we need to keep racing in Ohio very strong.

TRAINER OR OWNER/TRAINER CANDIDATE

MEGAN FADLOVICH

Originally from Illinois, 34-year-old Megan Fadlovich is a stakes-winning jockey and trainer who has dedicated her career to the welfare of Ohio's racehorses and success of racing in the Buckeye State. Over the past 10 years, Fadlovich has held licenses as a groom, exercise rider, jockey and now trainer. In addition, she has rehomed hundreds of horses as an agent for her fellow horsemen at the conclusion of their racing careers and, in the past several years, has become involved with the breeding side of Ohio's Thoroughbred industry. With her deep and varied background in a multitude of equine sports she hopes to be an effective liaison between her fellow horsemen and women and racetrack management so that their concerns regarding issues like track maintenance, training hours, backside amenities, HISA, and welfare-related issues for both horses and humans are fully understood and thoughtfully considered and addressed.

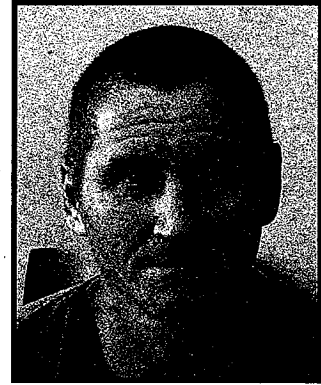

**TRAINER OR OWNER/TRAINER
CANDIDATE**

TIM HAMM

I have been a strong advocate and have supported the Ohio Thoroughbred program since 1995. My contribution to the Ohio program comes from all aspects of the Ohio Thoroughbred Industry including owning/operating a thoroughbred farm in Northeast Ohio, breeding (broodmares and stallions) and training for the past thirty years. I was an integral part of securing gaming at the Ohio Thoroughbred racetracks while I served simultaneous terms as President of both the Ohio HBPA and OTBO and was appointed by the Governor to serve on the Ohio Advisory Board. Ohio horsemen accomplished the induction of gaming to the State that included a portion of the revenue to both the purse accounts and breed fund by working together. The best way to ensure that we continue to maximize our goals and efforts as horsemen is to convey a unified message that represents ALL Ohio horsemen to the best of our abilities. I would like to offer my knowledge and experience to the Ohio bred program overnights and Ohio Stakes program to continue to bring all horsemen together in our mutual goal to make the Ohio racing program top notch.

**TRAINER OR OWNER/TRAINER
CANDIDATE**

JOSH LANGLEY

I was raised on the backside of Waterford park in West Virginia. I started my training career in 2013 at Mountaineer park, and came to Ohio year round in 2018. It would be an honor to be elected to the Ohio HBPA board. If elected I will work hard to make sure the horsemen's voices are heard. I will promote better lines of communication between the horsemen and racing offices or management via the HBPA. I will strive to make sure the horsemen are aware of and understand any decisions made by management or racing officials. I will make sure that any concerns the horsemen have are brought to the attention of the HBPA, racing offices or management. I will try to be a strong leader in this fight against HISA and be sure all the horsemen know the pros and cons of any decisions made in regards to our fight for our livelihood.

TRAINER OR OWNER/TRAINER CANDIDATE

KIM PUHL

I was born and raised in Ohio racing, working my way up from dad's stall cleaner to one of today's leading trainers. My father was a trainer for over 40 years, and I became a trainer in 1980. We have a farm in Ohio where we bred and raised race horses for 30 years. I have been stabled at all three tracks in operation today and have seen many ups and downs in the horse racing industry. If elected to the board I will work hard to ensure we have more ups in Ohio racing than downs.

For those who know me, you know I am not afraid to speak my mind. I would like the opportunity to participate in the fight against HISA or any other organization that wants to take our rights as horsemen away from us. The opportunity to fight for our future horsemen to make a living doing what they were raised to love, horse racing. On a more local level I will be a voice for the horsemen, making sure our backside meets the basic needs of horses and horsemen.

TRAINER OR OWNER/TRAINER CANDIDATE

MEGAN REUST

Spanning over 20 plus years at the race track, I have held licensure as a Groom, Pony person, Outrider and Assistant Trainer before finding my passion as a Trainer and Owner. During this time I witnessed how much of what we do at the track is truly a labor of love. Much has changed over the years on the backside and in our industry as a whole. Not all of those changes were positive. I feel one of the changes that needs to be made is within our own HBPA. It is time for fresh faces that bring new ideas and transparency to better serve the horsemen/women of Ohio. Issues with the availability of the Horsemen's health fund and retirement fund need addressed. I would like the opportunity to serve the horsemen as a board member and strive for positive changes.

TRAINER OR OWNER/TRAINER CANDIDATE

ROBIN SCHUSTER

My love of horses began when I started riding at the age of 2 yrs old. I competed in hunter jumper shows and three day eventing all through my school years. Once I graduated high school I began working at the racetrack.

I have been training horses on my own for over fifteen years, and have been married over twenty years to my husband, Chris Schuster. Chris works as the starter at Presque Isle Downs. We have two daughters, Kelsey and Skye and two grandchildren. Although I spend as much time with them as I can, they understand my commitment to my passion of horse racing and the long hours it entails.

After serving on the board for over a decade I had to step down for a while, but I am now prepared to come back. I realized how important it is to help my fellow horsemen and I miss being there to help. With the implementation of HISA, the horsemen need all the support they can get. It is crucial that we stick together in these difficult times and being part of the HBPA who is leading in the fight against HISA would be extremely important to me.

DAVE CASALINOVA

As a dedicated horseman with 35 years of experience, I am proud to announce my candidacy for the Horsemen's Benevolent and Protective Association (HBPA). My journey in the horse racing industry began three decades ago and I have been fortunate enough to turn my passion into a successful career.

One of the highlights of my journey was meeting my wife, Tina, 33 years ago. Tina is not only my partner in life, but also my trainer and closest collaborator in the stable. Together, we have built a successful racing operation, bred and raised many horses, and created a legacy we are proud of.

Throughout my career, I have been committed to the welfare of horses, the advancement of the sport, and the support of my fellow horsemen. As your representative, I promise to continue fighting for our collective interests, promoting the sport we love, and ensuring that our horses receive the care and respect they deserve.

My experience, knowledge, and dedication make me an ideal candidate for the HBPA. I ask for your vote and the opportunity to serve our great association. Together, let's build a brighter future for horse racing.

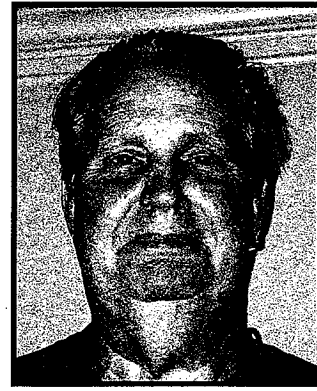

OWNER ONLY CANDIDATE

CHRISTINA ESTVANKO

I am Christina Estvanko, seeking election to an owners seat of the Ohio HBPA board of directors, bringing a lifetime of equine expertise. As a third-generation horseman, I have spent my entire life immersed in the industry, spending every summer of my childhood at River Downs. My husband Richard and I operate a 35-horse stable, competing primarily in Ohio, Kentucky, and Indiana. In addition to my role as an owner, I serve as my husband's assistant trainer, overseeing daily stable operations. My outspoken and passionate nature has earned me a reputation as a vocal advocate for important issues, and I pledge to continue using these strengths to serve as a voice for our horsemen. If elected, I commit to maintaining an open-door policy, listening to concerns and addressing them with a no-nonsense approach. Thank you, and I kindly request your vote!

OWNER ONLY CANDIDATE

JEFF JARVIS

It has been my honor to serve the Ohio Horsemen as an elected Director for over the past decade. This past 4 years have been the most challenging and frustrating for all. First dealing with COVID and now this HISA mess has our frustrations reaching a breaking point.

While waiting for the courts to decide on our fate, only adding to our frustration, there are still some things we could do. This requires out-of-the-box ideas which could create some short-term hardship. The long-term benefits could keep our livelihoods secure for years to come. These hard decisions need to be taken seriously by a board who listens to its members. The easy path is the one most traveled.

Our members should understand the OHBPA Board should not be a popularity contest but a Board that will work for the betterment of our industry. We are faced with tracks prioritizing their profits at our expense and HISA which lacks any common sense. Now is the time to elect the smartest, hardest working people our State has to offer.

One of my frustrations is every two years we elect 6 board members. Out of the over 2500 ballots mailed only approximately 10% are returned. I ask please when you receive a ballot take the time to review the candidates and return the ballot. Your OHBPA is a multimillion company and needs your input to drive success. Thanking you for consideration.

OWNER ONLY CANDIDATE

DOUG SHANYFELT

My name is Doug Shanyfelt, live in Ohio, and have been involved with thoroughbred racing over 45 years. Started working on the gate, was a jockey agent, and have been an owner/trainer/breeder for many years. I will do my best to represent ALL horsemen if elected to serve on the board.

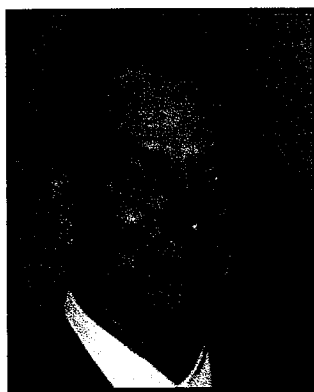

OWNER ONLY CANDIDATE

KRISTINA TUMBLIN

I have been an owner since 2007 and most recently can be found on a pony in the mornings and during the races. I have served on the HBPA board for several years. As a hands on owner on the backside, I have tried to make myself accessible to all the horsemen involved in the state. Horse racing is my passion and my livelihood and I want to continue to watch our sport succeed and grow despite the hardships we are currently facing. The past few years have been some of the most difficult years as we learn to live under HISA/HIWU rule, and most recently the strangles situation. As a current board member, I have strived to continue the hardworking traditions and integrity of this amazing sport. I hope to keep serving my fellow horsemen and may we all continue serving the heart of this sport: the horses. Without these incredible animals, we will not be where we are today.

OWNER ONLY CANDIDATE

KIM WILLIAMS

My name is Kim Williams. I have been around Ohio horse racing my entire life. My father raced horses, my first cousin George Smith raced horses and worked for our family real estate brokerage business. At an early age I was exposed to many pillars of horse racing industry in Ohio: Raymond L. Buse, our firm sold his farm for his estate, Alfred Corrado, he and his wife kept their stallion I'll Raise You One at our farm until he died. He's buried at Fair Winds Farm. Al and his wife would stop every December to see I'll Raise You One and bring him a box of carrots. Dr. Wilbur Johnston, my dentist, Daniel C. Stearns, D.V.M., Robert Reeves, and George A. Smith, just to name a few, the list goes on and on. These people and many more like them including certain current board members were dedicated to improving horse racing in Ohio, striving to implement our revised code so horsemen and women could control our industry. Without their efforts we would not be enjoying the benefits we now have today. I have spent many decades on both the HBPA board and the OTBO board. I have served three governors as an advisor to the racing commission. I harken back to the days when I was a board member with the likes of Bob Reeves, Tim Hamm, and Dr. Blevins and I wonder what happened. Yet my wife and I still have a passion for horses and horse racing and we are committed to making our industry better. In summary, we need to continually strive to have more board members that know how to run a \$50 million business or I fear we all will fail.
